Microsoft.Edge	110.0.1587.57		winget
Microsoft Edge Update			
Microsoft Edge Update	1.3.173.45		
Microsoft Edge WebView2 Runtime			
Microsoft.EdgeWebView2Runtime	110.0.1587.57		winget
PowerToys (Preview) x64			
Microsoft.PowerToys	0.57.2	0.67.1	winget

Lister toutes les MàJ disponibles

```
winget upgrade
```

Exemple :

```
PS C:\Users\user> winget upgrade
Nom                                ID
Version      Disponible  Source
-----
GIMP 2.10.22                                GIMP.GIMP
2.10.22      2.10.32      winget
Git
2.37.1       2.39.2       winget
PowerToys (Preview) x64                    Microsoft.PowerToys
0.57.2       0.67.1       winget
```

Faire la MàJ

sur un logiciel :

```
winget upgrade <nom>
# OU
winget upgrade --id <id>
```

Sur tous les logiciels :

```
winget upgrade --all
```
